JANUARY 2023 ISSUE

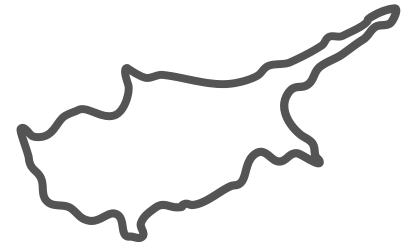

DIG-i-READY

DIGI READY project partners want to keep you updated on the project via our newsletters!

Have a read to know more about the project and its achievements all through the course of the two-year project!

WE MET IN CYPRUS!

As part of our second transnational project meeting, we met at the European University of Cyprus in Nicosia, Cyprus in June 2022. We discussed the future of DIGI READY and how to best achieve the two project outputs. We made progress with the DIGI READY Good Practices Catalogue along with some chapters of the Handbook. [Read more here.](#)

WEBSITE LAUNCH

To keep all news regarding the DIGI READY project up to date, we launched a new website! All information regarding the progress of the project and the outcomes are available on the [new website here](#). The DIGI READY website will also feature the two main project results: The DIGI READY Handbook and DIGI READY Good Practices Catalogue. The website is available in English, French, German, Latvian, Italian, Bulgarian and Greek.

GOOD PRACTICES CATALOGUE

DIGI READY achieved a major milestone by publishing the Good Practices Catalogue on digital inclusion in VET. The Catalogue is a collection and analysis of practices that were incorporated within the education sector in Europe during the COVID-19 pandemic to overcome challenges to inclusion online. [Read the catalogue here.](#)

WORKSHOP IN LECCO!

Digi READY along with 3 other ERASMUS+ projects conducted a workshop on inclusive digital education at the ICCHP/AAATE conference in Lecco. Some of the project partners came together and presented the DIGI READY project to the participants.

DIG-i-READY

WHAT NEXT?

Project partners are gearing up for a Learning Teaching and Training Activity (LTTA) in March 2023 where we will test the chapters of the DIGI READY Handbook. The Handbook is the second main project result that will be localised after the testing period during the LTTA.
